

# GEORGIA AG EXPERIENCE

— A MOBILE CLASSROOM POWERED BY —

**Looking for a way to teach your students about where their food and fiber comes from?**

**Do you want to engage your students in STEM activities and inspire future careers?**

The Georgia Ag Experience, a mobile learning classroom, may be the right fit for you!

## About

Agriculture is Georgia's No. 1 industry, but many students don't know where their food, fiber or plants comes from, how they are grown or what they become. Book our mobile classroom trailer today—your students will be inspired and experience the future of Georgia agriculture.

Available for grades 3-5

## Give your students the opportunity to:

- Gain a better understanding of where their food and fiber comes from
- Participate in hands-on STEM activities and be exposed to new technology in ag
- Increase awareness of agriculture's importance in their lives and the state
- Discover opportunities for future careers within Georgia's No. 1 industry

# What's required?

**\$250 A DAY**

2 day minimum

\*Shared payment options with local county Farm Bureau

\*Cost subsidies available for qualified schools

## School Provides:

- 1-2 Georgia Farm Bureau county volunteers
- 5, 50 minute classes per day
- Average visits of 150 students per day
- 8 interior stations and 1 exterior hands-on activities
- State approved STEM curriculum
- Hand outs and take homes for students
- Additional lesson plans for continued engagement
- Sanitation and social distancing plans for COVID-19

## Book the mobile classroom today!

Visit [www.GeorgiaAgExperience.org](http://www.GeorgiaAgExperience.org)

### STEP 1: REVIEW AND REQUEST AVAILABLE DATES

Review the available dates by district below. Contact your local county Farm Bureau to express interest and create a plan to sign up during your designated sign up period. View a list of county contacts at <https://www.gfb.org/about-us/contact-us.cms>

### STEP 2: SUBMIT REQUEST

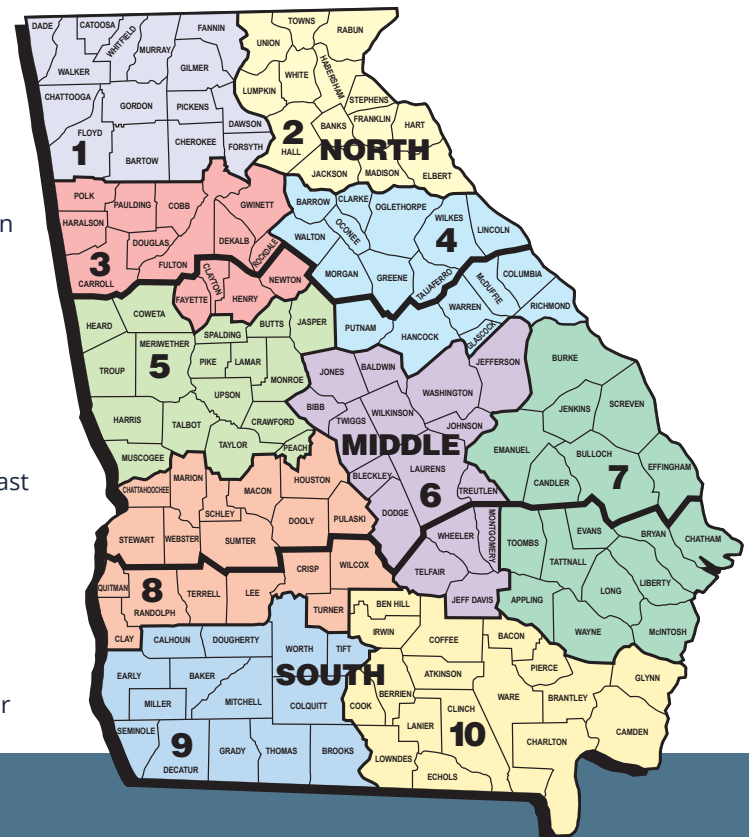

Work with your local county Farm Bureau office to submit the date request during your sign up period

### STEP 3: NOTIFICATION OF PROPOSED DATES

You will receive notification of your mobile classroom visit at least 1 month in advance. If the mobile classroom is unable to visit this year, your location will be prioritized in future requests and resources will be made available to you.

### STEP 4: GET PREPARED!

Develop a class schedule and plan for student engagement before, during and after the visit. We have template schedules and prepared lesson plans to get your teachers started and your students engaged!

## Schedule

### School Months:

August - May  
(Weekdays only)

### Summer Months:

June—August. Full week available for community organizations and public events with a large number of students
