General Post

** Can be shared at any time of the year

Attention Middle and South Georgia elementary schools! Is your school looking for an activity that gets your students engaged? Does your school want to expose students to Georgia's number one industry? Are your teachers looking for a field trip that's low cost, has COVID safety precautions in place and comes directly to your school? If you answered yes to any of the questions above, then the [Georgia Ag Experience](https://www.GeorgiaAgExperience.org) is for you!

The Georgia Ag Experience is a STEM based mobile classroom that showcases Georgia's diverse agriculture. This state-of-the-art agricultural learning experience is designed for students in grades 3 – 5. Students will be using technology like augmented reality, simulated learning games that highlights the future of Georgia agriculture and allows students to explore potential careers. Students will also take part in an ag lesson taught by an Education Coordinator. Our goal is to inspire the next generation of agricultural leaders by planting a seed today. The Georgia Ag Experience is brought to you by the Georgia Foundation for Agriculture and the Georgia Farm Bureau. Visit our [website](https://www.GeorgiaAgExperience.org) today to see [available dates](#) for your area and how to [get started](#).

Before Sign Up Period Post

** Can be right before your sign up period
