FOR AGRICULTURE

Georgia Foundation for Agriculture and Georgia Farm Bureau

CONSENT AND RELEASE

The Georgia Ag Experience, a mobile agriculture classroom, will be visiting your student's school on _____. The Georgia Ag Experience is a unique STEM-based educational program that invites 3rd–5th grade students across Georgia to explore the vast opportunities in agriculture. Our 36-foot mobile classroom brings Georgia agriculture to life on the road. We visit elementary schools and community organizations across Georgia, targeting students in grades 3 through 5. Using technology and digital learning, students take an in-depth look at seven of Georgia's major agricultural commodities. To learn more, visit our website: www.GeorgiaAgExperience.org.

The school will provide a list of students not permitted to participate in the Georgia Ag Experience program. This list will be signed by the principal or a member of the school administration. By allowing students to participate, the school agrees the Georgia Foundation for Agriculture, Georgia Farm Bureau, and their agents, volunteers, and employees harmless from any injury, illness, or property damage resulting from the student's participation in or use of the mobile agriculture classroom.

As part of this experience, photographs and/or video footage may be taken for use by Georgia Farm Bureau and its affiliates. These images may be used for publication, promotion, or advertising across a variety of platforms, including but not limited to: GFB News Magazine, Georgia Neighbors Magazine, Farm Monitor TV Show, Social Media Channels (Facebook, Instagram, Twitter, YouTube), GFB.org, www.GFBInsurance.com, FarmMonitor.com, Video Commercials, Print Advertisements, Digital Advertisements, Billboards, Signage, and Brochures.

The school will provide Georgia Farm Bureau and the Georgia Foundation for Agriculture with a list of students who are not permitted to participate in the Georgia Ag Experience and/or be in photographs or video. This list will be confirmed and signed by the school administration prior to the mobile classroom visit. Any student not on this list may be included in media footage taken during the visit, and their participation will be considered approved. The school is responsible for ensuring that appropriate opt-out procedures are communicated to families in accordance with district policy.
